To whom it may concern,

Re: PYNTIUM CORPORATION

I have been using the investigation services of Pyntium Corporation for approximately 5 years. Specifically, I have dealt with Dale and Margret Crump.

I have been extremely impressed with their professionalism, the quality of their investigations, the in-depth detailed reports they provide, along with their willingness to take on a wide variety of assignments. Their work is always top quality and their emphasis is customer service and getting results.

I would not hesitate to recommend and encourage the use of their services to all potential clients.

Regards,

A handwritten signature in black ink, appearing to read "D. Mathieson", with a long horizontal flourish extending to the right.
