To Whom It May Concern:

I have dealt with Canadian K9 Group on a number of occasions on Construction Projects in the Lower Mainland area.

I find that they are skilled at many aspects of security, and provide many solutions to security problems. They are thorough with their inspections and even monitor their own staff to ensure they are efficient and alert. All of the staff I have dealt with has been courteous and professional. On previous projects, the theft's had decreased significantly because they had recognized an internal problem with trades or laborers hiding items to come back for later that evening after everyone left the job site. They also recognize liability, and will ensure public safety is maintained in any situation, whether it is construction or other fields of work.

I have been satisfied with the services from Canadian K9 Group, they are well equipped, well trained, and can handle any task put to them. I look forward to future business dealings with Canadian K9 Group, and if you have any further questions, Please Contact me at 604-862-6114.

Regards,
Ventana Construction Corporation
